“ To Becky's Family and Donna, as sad as I am knowing Becky is gone I know it's nothing compared to the new space in your lives. Use this space and fill it with all the memories you have of Becky and the new ones you obtain from all of us who you've never met but we shared a great love for Becky. Take comfort not only in those memories but in the knowledge Becky will always be in your hearts and knowing she is now free of her earthly bonds. Miss you Beck, til later

“ To our sweet purple dragon we were so saddened to hear of your passing. While we never met in person we feel like we knew you very well from the years of poker in various clubs together. You were and always will be a shining star and we will never forget you. Our most heart felt sympathy to her partner, family and friends and may you now soar and be free forever on those now golden dragon wings.

“ Although we only knew each other online, we were acquainted for many years and in all that time you always presented yourself as a kind and caring person, one who always had time to help out or lend an ear. Sending prayers and comfort to your family and friends who I know will miss you immensely as we all will.

“ Thank you Becky for enriching my life as well as many others I'm sure. Will always remember you with fond memories. Never having met, yet we come to care about those we come across even when its just online. I have found myself being effected more by the loss of someone I met online then I have known my whole life. Blessings to you and your family.

“ R.I.P. Becky. You will be missed by all, Prayers to all Family and Friends, Heaven gained an Angel. Henry Scott Holland 1847-1918 I am standing upon the seashore. A ship at my side spreads her white sails to the morning breeze and starts for the blue ocean. She is an object of beauty and strength. I stand and watch her until at length she hangs like a speck of white cloud just where the sea and sky come to mingle with each other. Then someone at my side says: "There, she is gone!" "Gone where?" Gone from my sight. That is all. She is just as large in mast and hull and spar as she was when she left my side and she is just as able to bear her load of living freight to her destined port. Her diminished size is in me, not in her. And just at the moment when someone at my side says "There, she is gone!" there are other eyes watching her coming, and other voices ready to take up the glad shout, "Here she comes!"

“ From Phil..... Becky you were like a 2nd mom to me. Whenever i had a bad day you always made me laugh. We spoke everyday and would text for hours each day. Well now you can get out of the wheel chair and text me from heaven. You will always be in my heart forever.

“ Becky was an administrator in the f&n poker club for a very long time and loved by many. we used to converse just about every day, I loved her as much as you would love a sister. She had many online friends. She never had a negative word and always upbeat. I know we will miss her, but I know she is in heaven and walking all around in perfect health. God bless Donna for the 23 years she helped care for Becky. God bless her family and friends, I am praying for comfort and strength for all of you.
